**Purchasing Guidelines:**

These items are sold as an e-book and downloaded from the Internet. Instructions are provided during the download. **The EMAIL address provided during ordering is important. This is the email where the download instructions and code will be sent.**

**Credit Card:** After the funds are received, an email will be sent containing a download code. The person ordering can download the files or send the e-mail to a teacher to download.

**Purchase Order:** If paying by purchase order whether by mail or fax, we will e-mail you the code as soon as the order is received. Purchase orders are accepted for schools only.

- Purchase one copy of the teacher's book for the entire school or district. The license allows only one teacher or family to use the materials. No sharing.
- Purchase one workbook for each student. The license allows you to print one copy for each student. Place the number of students in the quantity box when ordering.
- **NOTE: These workbooks have a renewable license** – each year the school purchases workbooks for each student, but does not need to repurchase the teacher books.
