There are a myride of things to do after school. My favorite activity after school is skateborad. My zany friends Zack, Nick, and Marshall come to my tiny white house every day to skateborad with me. When my friends come over, we do thrilling tricks on our awesome skateboards. We sometimes go to Zack's mammoth blue and red house.

The second activity I enjoy is riding my bike. I ride my bike at my grampa's fancy big brick house. I do a multitude of dangerous tricks. When I ride my bike, my brother rides his bike with me. I can't wait until school is out!!!
